\$50 Daily Administrative Ready to Serve Fee Gallons Used: _____

\$10.00 per 1,000 gallons Balance Owed: _____

The Department of Works Supervisor must be notified. The City requires Contractors to have a City employee present at the first fill to review City operating procedures. Additional fees may be applied if these procedures are not followed. Contractors must use designated hydrant(s) for filling. To set up an appointment, call 231-832-2245 and the DPW Supervisor will get back to you as soon as possible.

The City reserves the right to deny any request for Fire Hydrant use or Temporary Hydrant Meter use.

*An additional \$100 Re-Winterization Fee will be applied for the use of a hydrant that had been previously winterized. Please contact DPW Supervisor after October 15th if hydrant usage is necessary or to determine alternative options.

City Authorization, Date

Approved 6/8/2026
